

Natural Solutions for Today's Turf Challenges

3Tier was founded in 2003 with breakthrough advances in humic acid production and the development of **Carboxx**, a revolutionary molecular transport system that delivers nutrients, supplements and beneficial microbes in quantities never before available. Today, we manufacture and distribute a new generation of products for turf management. Our products provide natural disease management, healthier, stronger plants, and a unique combination of ecological and economic benefits for a challenged industry.

3Tier with **Carboxx** creates and maintains a thriving eco-balance that promotes healthy, sustained growth. Turf success depends on a complex interaction of soil, organic matter, nutrients, and beneficial microbes. 3Tier products enrich this bio-environment without the use of chemicals, combining safe, easy-handling with immediate and visible results. Root growth, natural disease management, nutrient uptake – all is dramatically improved.

We are a technology driven company, but we remain firmly focused on the needs of the customers we serve. 3Tier works in close partnership with our customers innovating natural solutions that are right for the times. We are creating new opportunities for our turf managers to succeed with the following solutions.

Guaranteed Fairy Ring Solutions – 3Tier has revolutionized golf course care with the Guaranteed Fairy Ring Program. Both remedial and preventative, the program creates a natural microbial environment that regenerates the natural soil defenses, reverses hydrophobic conditions, and restores the plant's ability to uptake nutrients. This exclusive advance has been proven to actually manage Fairy Ring, not just mask it. The average program starts at around **\$88.00** per acre per week or **\$350.00** per acre per month and includes valuable nutrients, supplements and a complete biological regeneration regiment, all guaranteed to your satisfaction.

Greens Maintenance Programs – 3Tier Greens Maintenance Programs create a unique synergy between all plant systems by providing not only basic NPK, its complete system provides valuable supplements and a complete biological regeneration package for a fraction of your nutrient budget. With complete programs starting at **\$185.00** per acre per month, and is the foundation for continued plant health – both above and below the ground. This is the recommended continuation after the Fairy Ring program for year round management.

Biological Regeneration Programs – Using a 3-pronged attack, 3Tier incorporates our Activated Humic Acid with the industry's premier soil microbial package and provides valuable supplements like calcium to regenerate and balance the biological processes in the soil. This program addresses all eco-soil systems to ensure maximum soil health, nutrient conversion, and natural disease management. Maximum biological performance starting at just **\$126.00** per acre per month.

Sodium and Bicarbonate Solutions - H2O Rx is the next generation in Humic & Fulvic Acid Technology. **H2O Rx** is an all new, scientifically engineered, Non – Ionic Humic/Fulvic Acid blend fortified with Urea Nitrogen, specifically designed for the correction of High Sodium and Bicarbonates in both irrigation water and soil. This dual action product provides a complete management tool for the correction of poor water quality and its effects on your soil. Injection solutions starting at **\$6.00** per acre and mechanical applications starting at **\$17.00** per acre.

Athletic Fields, Parks, & Stadium Solutions – Achieving quality turf under today's shrinking budgets and multiple overuse conditions create significant challenges for turf managers. With safety at the forefront of our programs, 3Tier has developed several options for field managers to consider that provide a complete solution for soil regeneration, effective nutrient management and quality turf conditions. Contact your local representative to discuss how 3Tier can “Unlock the Power of Nature” at your facility.

Pro Lawn Care Solutions – The Green Movement is the buzz for the industry and providing chemical free solutions to our client base without reducing your profitability is the ultimate challenge. Through work with the leading lawn care companies, 3Tier has developed several options that can bridge the gap between natural programs and cost effectiveness. Contact your local 3 Tier representative to review your current programs.
